Health Officer's Memo No H2-56/42 dated 12th May '43 that an enhanced rate by Rs 10/- may be granted to the owners of silt carts engaged by the Municipality

The Health Officer's Memo was explained by the Hon President and he said that Dearness Allowance could not be given to these men for want of funds and that it was feared that they would strike work

The Commissioner said that an increment of Rs 5/- per head may be given in view of the fact that the cost of fodder horse-gram etc, had gone up too high

Mr C Krishna Rao seconded the proposal of the Commissioner

Mr P R Ramiah wanted to know if the cart owners were agreeable to the enhancement and whether there was a guarantee that they would resume work

Mr K N Ramaswami said that the work of removing rubbish may be tacked on with the collection of manure and that action be taken to first induce the silt cart owners to accept the rise in emoluments and if they did not accept it, then the manure contractors be sent for and fresh negotiations started in the direction suggested above

Mr M K Narayana Iyengar suggested that there was ample scope under the Defence of India Rules to enforce these people to do the work and that in case of necessity an the District Bee Magistrate and the Government may be approached in the matter

Then, the motion that the rate be enhanced by Rs 5/- per mart was put to vote and carried unanimously

OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
LAW DEPARTMENT, BANGALORE

Sir,

With reference to Government Order No L 1544-5/M1 10-43-7 dated 5-8-1943, sanctioning the payment of an enhanced rate of hire of Rs 5/- per month to each of the silt cartmen of this Municipality, I have the honour to state that the increase of Rs 5/- per month in the allowance has not had the desired - effect The cartmen still felt discontented and they continued to be irregular in sending the carts and also struck work occasionally, with the result that the street rubbish accumulated from day to day and the public complained of the nuisance and the insanitary condition in the several parts of the City As such, the Municipal Council was obliged to increase substantially the allowance to the cartmen, taking into consideration the fact that the cost of living had gone up very high and that the prices of grass, horse gram, bullocks and cart accessories had also gone up very high Therefore, on a reconsideration of the matter, the Municipal Council have resolved at their Meeting held on 28-7-1943 that each silt cartmen might be paid a hire of Rs 30/- and an allowance of Rs 10/- per month per each double bullock cart and that immediate arrangements might be made for payments on this basis in anticipation of sanction of the Government as the matter is extremely urgent At this rate, the total amount payable works up to Rs 30,240/- as against Rs 18,984/- as per the existing rates The additional sum of Rs 11,256/- required for the purpose will be provided in the Budget estimates for the current year and the subsequent years

13)

A copy of the resolution of the Council referred to above is enclosed herein for favour of obtaining sanction of Government to the payment of hire at Rs 30/- and an allowance of Rs 10/- per cart from 1-8-1943

As regards the arrangements to be made to have separate establishment for the removal of silt in the City by the Municipal Agency, action is being taken separately vide correspondence ending with this Office letter No C2-25/43 dated 23-7-1943 regarding the purchase of two lorries

I have the honour to be,

Sir,

Your most obedient servant,

Municipal Commissioner

Forwarded with compliments

All these troubles will be solved if the control service is wholly municipalised. Attempts are made to start the establishment and after a few years programme, we can completely put an end to this exploitation. But under the present circumstances, the grant made by the Municipal Council is deemed

Extract from the Proceedings of the Special General Meeting of the City Municipal Council, Bangalore held on 28th July 1943

With the permission of the House and the President, Mr G Nanjappa brought to the notice of the House about the unsatisfactory way of the removal of silt in the Divisions and requested that some arrangements should be immediately made for the rapid removal of the silt

Speaking of the removal of the silt, the President said that the increment of Rs 5/- suggested at the previous Meeting had no salutory result and he suggested to the House some reasonable rise might be sanctioned which would induce the silt-cartmen to resume their work He also informed the House that the Commissioner was corresponding with the Govt for the purchase of two lorries and that a provision was made in the budget for 1943-44 for 20 carts to begin with, so that very soon, this service might be completely municipalised

Mr V N Ramaswamy suggested that an allowance of Rs 10/- per cart per mensem may be given The President said that Rs 40/- may be fixed

Mr V R Guruv Reddy said that it was not possible to maintain a good cart with a sufficiently good pair of bullocks within Rs 75/- After some more discussion on the subject, the President moved the following proposition -

"This Council resolves that the silt cartmen be paid a monthly sum of Rs 30/- and an allowance of Rs 10/- per month for each double Bullock cart and immediate arrangements be made for payments on this basis, in anticipation of Govt sanction as the matter is extremel urgent'

Mr I N Ramaswamy seconded it and was passed unanimously

Then, the President moved the following resolution -

"Resolved that the Municipality have its own establishment for the removal of the silt in the City and a beginning be made in this direction by purchasing 2 lorries and 20 bullock carts"

This was put to vote and carried unanimously
